

Zhou's Academic Studio

JAU HWEE YAN P6 CHINESE, CHIJ PRIMARY SCHOOL

I would like to express my gratitude thanks to Zhou's Academic Studio for helping my girl with her PSLE Chinese paper. To my surprise, she managed to obtain an 'A' for her Chinese paper.

My girl grew up in an English speaking environment. Since Primary 1 to 6, all these years, she has been weak with her Chinese language paper – she either failed or did only marginal pass for her Chinese papers. She has never ever got an "A" for her Chinese before. We managed to source out this school - they have excellent track records through the years in assisting their pupils to obtain "A" or "A*" for Chinese. So we signed her up for the course, hoping the fact, as long my girl can obtain a "B" – we will be more than happy for her already.

We started her on the course somewhere in end Mar/early Apr 2013. Well, as you can see time is not to our advantage, as we started her late on the PSLE year itself.

Miraculously, through their teachings, my girl gained interest in learning Chinese and started speaking mandarin at home, not frequent but she took that initiative – that's a good sign. Through the months I saw her progressing from SA1 – "C"; SA2 – "B"; PSLE – "A".

As parents, my husband and myself, were overwhelmed by her results – it is more than what we have expected.

Thank you again, Zhou's Academic Studio, Ms Ma and Ms Zhang – for their dedications and love in teaching Chinese language.

MICHELLE LIM – MOTHER OF HWEE YAN
